

**"Achieving Excellence Together in a Caring Community"**

**Everyone matters at Dorchester Primary School - children, staff, governors, parents and carers.**

- We strive to help everyone feel welcome, safe, secure and happy through positive, supportive relationships and teamwork.**
- We strive to teach everyone to live an active, healthy lifestyle with a positive, inquisitive attitude to learning and help to prepare everyone to face all the challenges of life.**
- We strive to provide a learning environment which provides a challenging, broad and balanced, creative curriculum which pupils will enjoy and try to achieve their personal best.**
- We strive to prepare pupils for life long learning and support them to become confident, sensitive, reflective members of society.**
- We strive to encourage everyone to be caring, polite and respectful and make a positive contribution to the school and the community.**

**We are striving to support everyone to achieve excellence together in a caring community.**
