Enquiry Question of the week

Each week we will post an Enquiry Question from the week's learning alongside the answer we would expect. Ask your child the question and see how close your child is to answering the question fully. If they are finding it tricky, break down the answer together and see if they can work on learning more at home.

How do the diets of different animals vary?

Animals can be carnivores, herbivores or omnivores depending on what they eat. Each animal eats the food that helps them to survive.
