Enquiry Question of the week

Each week we will post an Enquiry Question from the week's learning alongside the answer we would expect. Ask your child the question and see how close your child is to answering the question fully. If they are finding it tricky, break down the answer together and see if they can work on learning more at home.

Why was mummification important?

Mummification was important to the Ancient Egyptians because they believed in life after death. They thought a person's body needed to be kept safe so their spirit could live on in the afterlife. By mummifying the body, it did not rot and stayed well preserved. This helped the person reach the afterlife and live forever.
