

Peek at the Week

The Three Little Pigs

It has been a very short week but we have still worked hard. We are continuing to retell the story of the Three Little Pigs and the children are becoming proficient at retelling it themselves. They have been writing speech bubbles to show what the characters are saying and using props to retell it with their friends.

In Maths we have been learning what happens when we subtract or take-away one number from another. The children have been telling us that the number gets smaller. We practised our subtraction by making dinosaur food and seeing what was left when the dinosaur had eaten some.

Sun Hats and Sun Cream

As the weather is getting warmer, please could you send in a hat or cap to shield your child's head and neck. Many of the children choose to spend a large amount of their day outside.

If you wish to send sun cream into school, please name it and we will keep it in a tray in the classroom. That easy we can monitor when it is used and make sure it is not shared. The children will apply it independently but an adult can supervise.

Bocketts Farm Trip Payments

Thank you to those parents who have paid towards our trip to Bocketts Farm. **We are nearly half way there!** The sooner payments are made, the sooner we know we can confirm it is go ahead. Payments can be made via the Gateway app. There is also an option to spread out the payments - thank you.

Payments should be made by Tuesday 2nd June.

Forest School timetable:

May

14th - Bronze

21st - Silver

**Bronze and Silver Class needs Mystery Readers!
Please help the children. They ask every day!
There must be someone who would like to
come and read them a story?**

BABY PHOTOS - more please!

As part of our topic on How We Have Changed, we would like the children to look at photos of themselves as babies and toddlers so they can talk about what has changed. Please can you email your teacher a photo of your child as a baby and another as a toddler, so we can use them to discuss the changes. Thank you.

Is there another way to make 10?
How do you know?

This week we have been learning how to subtract using 10 frames.

Every morning there is a new picture on the whiteboard and we write a sentence using our phonic knowledge. The sentences are getting better every day. We also practise our letter formation because how we write it matters.
