

## Nursery Peek at the Week

### Weekly News

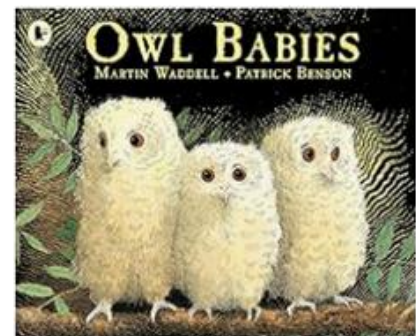

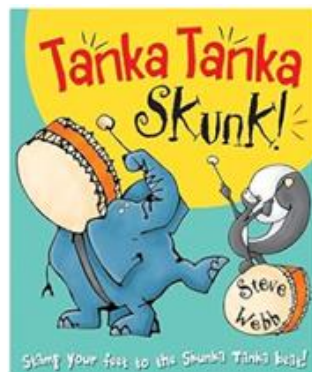

This week in Nursery the children have been caring for their beans; we haven't seen any changes yet but we have been giving them water every day. We have also made sure that they have had access to plenty of sunshine in the garden. The children have been drawing what they can see to create their own Bean Diaries. We are hoping that we might start to see some roots growing next week. The children have also been developing their mark making/early writing skills by drawing construction plans to show each other how to build different models.

**REMEMBER No question or concern is too small, I would rather you email me than worry about something!**

**Next week we are going to start growing some plants and we will be finding out about what seeds and beans need to grow. If anyone has any seeds, beans, plastic plant pots or gardening resources that they know longer need we would love to receive your donations.**
