Enquiry Question of the week

Each week we will post an Enquiry Question from the week's learning alongside the answer we would expect. Ask your child the question and see how close your child is to answering the question fully. If they are finding it tricky, break down the answer together and see if they can work on learning more at home.

What is a solid, liquid and gas?

Everything around us is made of **matter**, and it comes in three main states:

- **Solid:** Holds its own shape and stays put (like a wooden table or ice).
- **Liquid:** Flows, pours, and takes the shape of the container it's in (like water or juice).
- **Gas:** Spreads out to fill any space and is often invisible (like air or steam).

A summary of next week:

SPAG: Formal and informal language
Reading: New text: Reading booklet
Writing: Non-fiction texts (non-chronological reports) features
Maths: Area
Geography: How are mountains/volcanoes formed? What happens when a volcano erupts?

You **must**:

- Read at least four times a week at home and record this in your diary. Your reading book and diary should be in school every day. You will get your stickers for reading on a Friday.
- Learn the weekly spelling words which are sent home and assigned on Spelling Shed. You will be tested every Monday.
- Practise your quick recall of the Times Tables on TTRockstars at least 3 times a week.
