Achieving Excellence Together in a Caring Community

May 21st 2024

Dear Parents/Carers,

Year 5 children have the opportunity to take part in **Bikeability this year**. This is a cycling proficiency course for children who can already ride their bike.

There are only 48 spaces available.

Spaces will be given to the first 48 children who:

- **Have a suitable working bike**
- **Have a suitable helmet that fits**
- **Can ride without assistance**

The children will be allocated a small group (12 children in a group) and will work for the majority of the time in the playground with a Bikeability teacher. There will be a session (towards the end of the week) where they will cycle on the roads outside school. Each lesson will be 2 hours and will run for a week. Your child will be allocated a morning or afternoon session (to be decided by the teacher).

Sessions run the weeks beginning the 8th and 15th July. Your child will be asked to keep their bike in the playground at the back of the school. You can bring a bike lock if you wish but your child will be responsible for this. Please do not put bikes in the bikeshed as this is too small a space.

If you would like your child to take part and you have met the criteria above then please complete the GoogleForm. It is first come, first served.
