Enquiry Question of the week

How do we use the 8 points of the compass to locate a specific place?

A: 8 points of the compass lead to increased accuracy of direction. This means that a direction on a map can be followed more accurately, so the final destination is reached more quickly

A summary of next week:

English: Kensuke's Kingdom

Maths: Problem solving

Science: The role of blood in the circulatory system

RE: Why is making a change from childhood to adulthood still important to some people?

Geography: 8 points of a compass/OS Maps

Summer 2, Week 3

You **must**:

- Read a minimum of 7 times at home for at least 20 minutes and record this in your diary. Diaries are checked on a Thursday but you must have your reading folder in everyday.
- Times Table Rock Stars - 20 minutes on Garage
- Century - Science - revision

Please Dip into these tasks. You do not have to do all 3 of the tasks below each week but of course you can if you want to! Tasks are set every Friday and due the following **Wednesday**.

Gold

In English we are reading Kensuke's Kingdom. Write an entry as Michael, for a day at sea. Think about the weather, what you might see, where you went and what jobs you might have had to do. If you want, you can include a sketch, as Michael did, of what you saw.

Silver

Create a postcard from the seaside. Include a picture and a message from a day at the beach.

Bronze

Draw a map of your house, garden or a local space (ie: park). Research which direction is North and include the compass points. Don't forget to draw symbols or pictures of physical and human landmarks.

Don't forget to complete 16 Reading WOWs this year for your chance to be awarded. The Platinum Reading Award. This could be a letter to the author, a poem based on the book, a comic strip, a painting, a book review... anything related to the book which your teacher would say WOW to!
